# **Revolt Bossed** By Communists, President Says

WASHINGTON (AP) - With 4,500 U.S. troop reinforcements pouring into the Domincan Republic, President Johnson pressed a diplomatic drive today to win Latin-American support for his newly announced determination to prevent "Communist conspirators" from turning the embattled Caribbean island country into a second Cuba.

"Our goal, in keeping with the great principles of the inter-American system, is to help prevent another Communist state in this hemisphere," the President told the nation Sunday night in a historic policy pronouncement.

'And we would like to do this without bloodshed or without large-scale fighting.

Trained In Cuba

He declared that Communist leaders, "many of them trained in Cuba," had captured the rebel movement that began "as a popular democratic revolution." Even as the President spoke,

two special envoys were meeting with officials in Latin capitals. Other American representatives here and in Santo Domingo, center of the civil war, were working with the Organization of American States for an end to bloodshed and a Dominican future which would, in Johnson's words, be free of

'Communist dictatorship.' Johnson announced in his televised speech that the multiple tasks of protecting lives, distribiting food and medical supplies, and assisting U.S. and other refugees to leave the country were more than the 9,500 U.S. Marines and Army men already in the island could handle. He said he had ordered 4,500 more to land at the earliest possible moment raising the total to 14,-

Education First Job

Since the Marines first landed Wednesday night, he said, they have evacuated more than 3,000 persons from 30 countries. Some 5,000 others, including 1,500 U.S. citizens, were waiting to come out, Johnson reported, adding: "We must get on with that job immediately.

No official here would say how long U.S. forces would remain in the Dominican Republic. The United States has told Latin-American leaders it would welcome troops from their countries. Such contingents, internationalizing the force, might mean early withdrawal of some U.S. units.

But the U.S. action in sending Marines into a Latin country for the first time in a generation has drawn sharp criticism elsewhere in this hemisphere. Johnson's special emissaries, roving Ambassador W. Averell Harriman and former Alliance for Progress chief Teodoro Moscoso, faced tough problems on

# Credit Union Savings Rise The 1,200,000 credit union

members in Michigan saved \$10,000,000 more than they borrowed in 1964, Henry W. Warren, Detroit, managing director of the Michigan Credit Union League, told delegates at the 30th annual meeting of the Lea-

gue in Grand Rapids Saturday. "Total credit union assets toped \$810 million at year end and are fast approaching the billion dollar level," Warren said. The year's loan volume ion Department administration. was \$635 million.

Warren revealed that the gross income of Michigan credit unions in 1964 was \$68,500,000 with \$33,000,000 being returned to members in dividends and interest refunds.

Harry J. Woodman, Pontiac, president of the League, said that while Michigan has only 5 Indian copper miners throughper cent of the credit unions in the country, it has 10 per cent representatives, that all relics, cluding Ontonagon as well as of the membership and 10 per cent of the assets of U.S. credit

Attending the three-day meeting of the Michigan Credit Union League were 1,500 delegates from throughout the state. They represent 1,200,000 members in 1,200 credit unions.

# Taxes And Jobs

Dr. Charles C. Killingsworth, Michigan State University labor economist, told a joint U.S. Senate-House committee in Washington that the prediction of the President's Council of Economic Advisors on tax cut aid to employment had fizzled.

The government economists who advocated the tax cut last year predicted:

1. That it would ease our most pressing unemployment problems and increase labor demand to levels consistent with a 4 per cent rate of unemployment.

2. That unemployment would decline in every major group of workers, with sharpest declines where unemployment is highest-among teenagers, Negroes, the less-skilled, blue-collar workers generally.

The predictions didn't prove true. In practice they didn't work.

Dr. Killingsworth might let it go as just one more government goof, except that the faulty thinking which brought it about still prevails in Washington. The Council membership has changed, but not its thinking.

"The Council's tenacious loyalty to the ideas that have repeatedly led to such erroneous predictions," the MSU economist told the Congressional committee. "is surely one of the more remarkable examples of the triumph of faith over experience."

Dr. Killingsworth opined that the government is on much better ground than it was with tax cuts to make jobs in its present effort to increase employment by spending money for education, retraining, and the War on Poverty.

The tax cutters argued that if the government took a little less in taxes the earners would spend more and create jobs in the process. In actuality the people who needed the jobs most were the last to get any that were created.

The masses of Negroes in Northern city slums are an example. "I believe one of the most effective ways to get at this and related problems would be to develop as an objective of the War on Poverty a massive served support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and of the jail physiserved support than the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals and the now hospitals are not the now hospitals are now hospitals and the now hospitals are not the now hospit program of hiring and training to help the poor,"

MICHIGAN CONSOLIDATED GAS COMPANY

# Here's what natural gas can save you

Many citizens of Escanaba have asked us exactly what the dollars-and-cents difference is between the cost of City gas, which they are now using in their homes, and natural gas at Michigan Consolidated rates.

Subject, of course, to the decision of the voters at the special election of June 1. Michigan Consolidated would put natural gas into the Escanaba system by Fall. All appliances using City gas (including furnaces designed for both propane and natural gas) would be converted to natural gas without cost to the customer. And rates would be cut to the same levels now in effect in Grand Rapids, Muskegon, Traverse City, Alpena and other communities of our Lower Peninsula outstate service area.

The accompanying table shows what Michigan Consolidated natural gas service would cost you, as compared with City gas, if you now use City gas in your home for heating or in the operation of other automatic household equipment.

Commercial customers now using City gas for space heating and/or water heating will

in the neighborhood of 44 percent.

realize comparable savings, ranging from 38% to more than 48% by converting to Michigan Consolidated natural gas.

Business establishments now using City central steam for heating will be able to save from 35% to 40% on their fuel costs by converting to equipment fueled by Michigan Consolidated natural gas.

If you are now heating your home or business place with some fuel other than gas, you will be able to save up to 30% on your fuel bills by converting to natural gas at Michigan Consolidated rates.

We are actively proceeding with our plans to build 420 miles of pipelines and distribution systems this Summer, and to bring natural gas to the southern Upper Peninsula from Rapid River to Iron River by next Fall.

Subject to your approval at the special election of June 1, this would include renovating and expanding the Escanaba distribution system so that you, too, can have natural gas by Fall.

If your City Gas bill per month is:	Your Michigan Consolidated bill for the equivalent amount of natural gas will be:	Your saving per month will be:
\$5.00	\$3.67	\$1.33 26.6%
\$6.00	\$4.21	
\$7.00	\$4.68	\$2.32 33.2%

Bowers, besides the Laboratories directorship, also currently is associate chairman of the Northwestern Chemistry Department. Bowers was named to the dual post in 1963. Bowers' Northern appointment is effective Sept. 1.

Bowers, 37, a native of Mt. Pleasant, Iowa, was educated in Escanaba, Mich., schools, where his father, the late R. P. Bowers, was a member of the high school faculty. He earned his bachelor of science degree from the University of Michigan in 1948 following Navy service, 1944-46. In 1953 he was awarded his Ph. D. degree from the University of Minnesota with a major in analytical chemistry

and a minor in physical chem. He served as a chemistry instructor at Minnesota for one year before going to Northwestern in 1954.

Married, Bowers is the father of three children - daughters. 13 and 12, and a son, 9.

### Kindergarten **Get-Acquainted** Tea A Success

RAPID RIVER - Over 100 mothers and children enjoyed the get-acquainted tea held in the multi-purpose room of Rapid River Bey de Noc Elementary School Thursday afternoon. Preceding the tea, the Mothers' Club met in the kindergarten room.

Miss Loretta McCarthy, teacher, thanked the mothers for their year's cooperation in the classroom activities. A special thanks was extended to Mrs. Jack Miller, Jr., president of the Mothers' Club. The children sang two songs dedicated to their mothers. Following the songs, the group joined next vear's kindergarten class and their mothers in the multi-purpose room where Miss Mc-Carthy greeted the new class members and mothers.

An entertaining program planned by the kindergarten children and their teacher included tape recording, songs, dancing, and colored slides. Tape recordings of the children's voices were heard saying their names and singing songs. The girls, with peasant scarves and the boys in Mexican head-dresses danced a Mexican dance, complemented by tamborine, wooden spoons and bell music. A Swedish and Indian dances were demonstrated with lively steps and smil-

ing faces. Colored slides taken of the children at Easter time by Miss McCarthy were shown while the children and mothers had refreshments. The serving table was decorated by colorful dolls dancing around a Maypole. The centerpiece was made by Mrs. George Olson. Tea chairman was Mrs. George Moore, assisting chairmen, Mrs. Ray Morin and Mrs. Olson. Other committee members were Mesdames Richard Carroll, Wilbert DeGrave. Henry Feathers, James Froberg, Harvey Miller, Donald Mills, Richard Nelson, Victor Pearson, Roger Storch and Kenneth Johnson.

Next years' kindergarten class will have an enrollment

# First Methodist Held Saturday

"International Festival" was the theme of the annual spring tea sponsored by the Woman's Society of Christian Service of the First Methodist Church held Saturday afternoon.

The program opened with a welcome from the Society president, Mrs. Donald Ness. The Eager Beaver 4-H Club under the leadership of Mrs. Earl Cota of Garden entertained the guests with a group of Danish dances.

In keeping with the theme, a panel discussion on customs of vaious foreign countries, first impressions of the United States, foods etc. was adeptly lead by Mrs. George Semmens, moderator and enjoyed by the guests. On the panel were 3 women from foreign countries: Mrs. C. Ray Anderson, Germany; Mrs. Robert Whatley, Russia; and Mrs. Arne Arntzen, Japan and 3 women living for a time in a foreign country. Mrs. James Flaherty, Spain; Mrs. Donald Haappala, Mexico: and Mrs. Orville Peterson, East Pakistan. The program closed with the group singing, "Blest Be the Tie That Binds."

After the program, the guests enjoyed a display of articles of other countries. Each piece was labeled and many had a short history with it.

The tea table covered with pieces harmonized with the tea table. Mrs. Edmund Hengish

# Cambodia Will Break With U.S.

and Barbara Klug, vice president Linda Wylie and John

PHNOM PENH, Cambodia (AP) -The national radio announced today Cambodia has decided to break diplomatic relations with the United States.

The radio said Prince Norodom Sihanouk, the chief of state, reported his decision to the Cambodian people in an official message. Contents of the message were not immediately

No reasons were announced for the break. However, relations between Cambodia and the United Sates long have been tenuous, chiefly because of raids along the border with South Viet Nam. Cambodia blames the attacks on U.S.-Vietnamese forces. Saigon charges Viet Cong guerrillas use Cam-

All into the record book as this meet was the first staged by the conference.

Vandeville Takes Over

With Berlinski sidelined, Escanaba's versatile Gary Vandeville, a junior, steamed home first in both the 100 and 220 beating Kingsford's Dave Raymond in both events. Even with a healthy Berlinski, the Flivvers could not have gained enough points in the dashes to overtake the well balanced Eskymo squad.

Escanaba took first places in eight events and two Eskymos smashed all-time school records were broken but Jim to (S). 52.8 Hansen, husky junior shot put-10 minutes. ## Country Club Twilight Play Starts Tuesday

Men's Twilight League action opens Tuesday afternoon at the Escanaba Country Club, Pro Jim Crichton announced today.

The first event of the season will be a best ball twosome event with golfers making their own matches. Regular play will begin next week, May 11, with pairings to be posted.

Players may make up their own teams for the season and turn them in to the pro, or they may turn their names in to the pro to be placed on teams.

The course is in good shape following the winter, but rain is needed to help the dry spots. Greens were used for the first time in unofficial play which drew heavy traffic over the weekend.

Golfers are asked to call in for dinner reservations for Tuesday night.

## Little League Albert Widing was a member Tryouts Slated

as the Escanaba Jaycee 1965 campaign got under way. Tryouts will continue this week with John Chylek in charge Tuesday night; Lloyd Lindstrom Wednesday, and Claude Bohn on Thursday. All tryouts will be held at the Little League diamond in the watertower area and will begin at 6 o'clock.

Boys may pick up their registration blanks at Club 314 or at the home of player agent Paul to participate in Little League Three years ago Palmer won baseball. A birth certificate may The end of the tournament the Las Vegas tournament and be obtained from the court
